

My Kindergarten Seed Tape Journal

BY _____

My Seed Tape

Date I made my seed tape _____

Date I planted my seed tape _____

What is the name of the seeds in your seed tape? _____

As you made your seed tape, why do you think you measured between each seed?

To help my seeds grow in the garden, I will give them: (Circle all your plant will need)

Water Sand Light Soil Space Air Rocks

Our Planting Experiment

What is the best way to plant our seeds?

We planted our seeds:

1. In a seed tape
2. By hand in a furrow
3. 3 in a hole

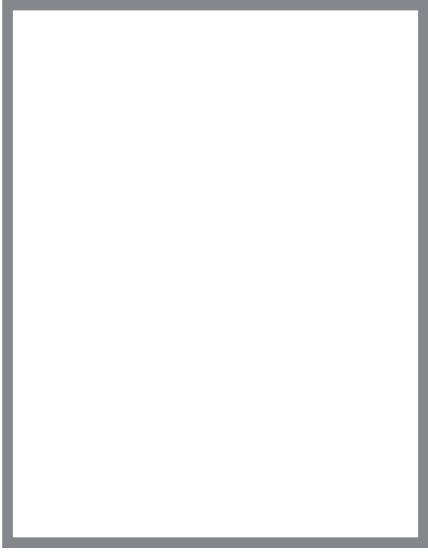

Which way do you think will grow the healthiest plants? (Circle one)

Seed Tape

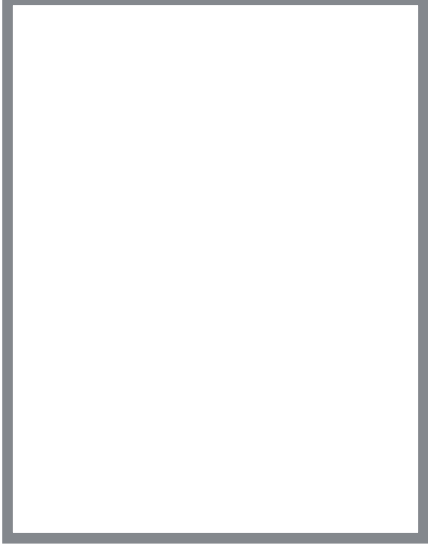

Furrow

3 in a hole

Draw a picture of your plants once they grow.

Seed Tape

Furrow

3 in a hole

What happened to the seeds in the seed tape?

What happened to the seeds in the furrow?

What happened to the seeds planted 3 in a hole?

Now that your plants have grown, you know that the best way to plant your seeds is: (Circle One)

Seed Tape

Furrow

3 in a hole

As you observed your plants grow, now why do you think you measured between each seed?

Are you wondering about anything else?
